

# Accelerating business transformation, in the era of digitization and automation

**M365 MIGRATION** MODERNIZE THE WAY YOU WORK

## CHALLENGE

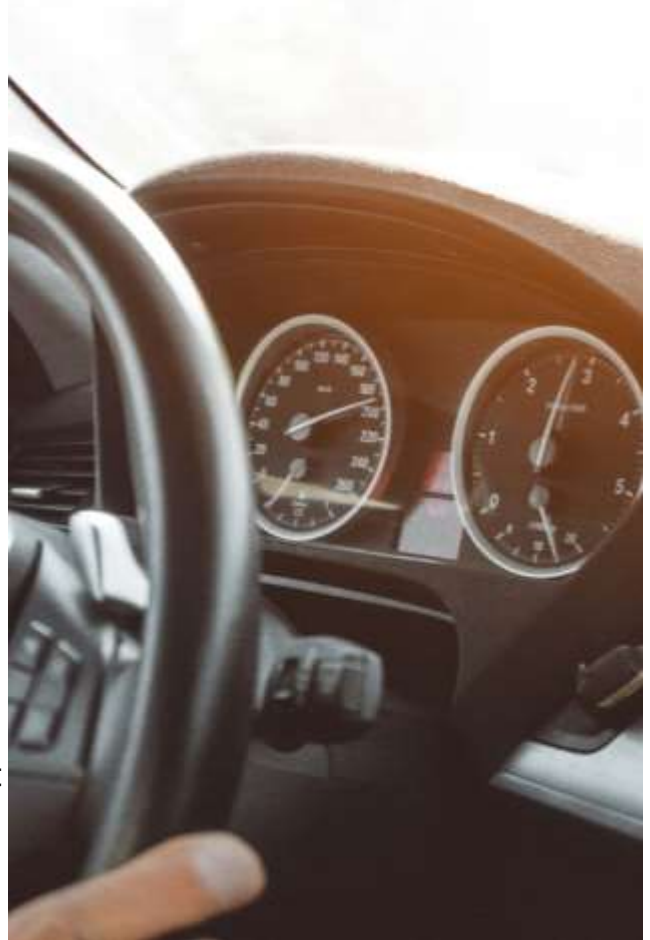

An Automotive sector client wanted to **accelerate the design and build of complex vehicles, construction equipment and capitalize on market possibilities**

## SOLUTION PROVIDED

- Kryptos redirected their employees from using a segregated document management systems with stringent access controls to a **smarter digital workplace to drive innovation among teams.**
- By integrating Microsoft 365 capabilities, a self-driven company culture was encouraged that valued personal initiatives, promoting discovery and research outside of their comfort zone.
- Tools such as **Microsoft Teams, OneDrive, and Yammer, change management communications were suggested** to foster learning and improve communication amongst employees.

## BENEFITS

**Revolutionizing the business and driving loyalty** at an organizational level was made possible with M365 deployment which also **helped remove communication barriers of all sorts, across the organization at all levels** from the frontline staff to the CEO, irrespective of their locations.
